BASIC COURSE IN ORNITHOLOGY 2020–2021

Group photograph of participants of Basic Course in Ornithology batch 2019-20 during field camp at Nashik, Maharashtra

BNHS CEC is happy to announce the admissions for Basic Course in Ornithology (BCO) for the year 2020-2021. The course includes inaugural and wrap-up sessions, field visits around Mumbai and field camps to various bird habitats across India.

Highlights of the course:

- An online hybrid course
- Duration is 11 months (August 2020 to June 2021)
- Study material cover basics of ornithology (in India)
- Project work
- Field camps, indoor sessions and field visits
- Certificate from BNHS after successful completion of the course
- Course leader: Dr. Raju Kasambe, Ornithologist, Assistant Director – Education, CEC, Mumbai

Who can enroll?

- Anyone with an interest in birds
- Basic qualification is Class 10 (any board)

What are the course deliverables?

The course includes extensive notes, field visits with experts and online assignments. A detailed break-up of the course deliverables is as follows:

- **Chapters:** Every month one chapter, written by BNHS experts, is emailed to the participants. Chapters cover various topics such as introduction to birds, their evolution, morphology, anatomy, physiology, food and feeding habits, history of Indian ornithology and bird conservation.
- **Field visits and reports:** A total of eight half-day field visits will be conducted to various wildlife habitats near Mumbai during the course duration, out of which three are compulsory. A brief report on each field visit must be submitted as part of the monthly assignment submission document. Participants staying away from Mumbai (in other parts of Maharashtra or in other states) can instead visit a similar habitat near their location, on their own, and submit their report in the monthly assignment
- **Field camps, indoor sessions and reports:** One inaugural session, one wrap-up session and two field camps will be organized. Field camps are conducted at various biodiversity habitats across India. Participants are required to attend both the field camps and the inaugural session. After each camp/session, a report must be submitted as part of the monthly assignment submission document.
- **Project work:** This is an integral part of the course and involves submitting a project report every month. Every project will focus on a theme and the report will be based on the relevant observations/study in ones selected locality. The final project report and the presentation at the end of the year will be a compilation of the monthly reports and a practical action plan for one's locality.

What is the course fee?

The course fee is **Rs. 13,150/-** which includes BNHS expertise and refreshments in the inaugural and wrap-up sessions. The field camps at other locations are charged separately.

How to Register?

For registration, please refer page number 6 of this document.

For any further query please email us at 'ornithology@bnhs.org' or call on 09594953425/09594929107 or +912228429477 (Monday to Friday 10:00 am to 05:30 pm)

(Limited seats available)

(Kindly note that it is compulsory to fill the online Google registration form)

-Or scan the QR code given below for the registration form:

For any further query please email us on cec-mumbai@bnhs.org or call us on 09594953425/09594929107 or +912228429477 (Monday to Friday 10:00 am to 05:30 pm).

ABOUT BOMBAY NATURAL HISTORY SOCIETY (BNHS):

Bombay Natural History Society (BNHS), a membership driven organization, has been promoting the cause of nature since 1883. It is a designated Scientific and Industrial Research Organization (SIRO) of India. Conservation, based on scientific research, is the guiding principle of all activities undertaken at BNHS. BNHS Mission: Conservation of Nature, primarily Biological Diversity through action based on Research, Education and Public Awareness.

BNHS Vision: Premier independent scientific organization with a broad-based constituency, excelling in the conservation of threatened species and habitats.

ABOUT CONSERVATION EDUCATION CENTRE (CEC), MUMBAI:

The Conservation Education Centre (CEC) of BNHS is located amidst lush green forest cover at Goregaon, nestled between the Dadasaheb Phalke Chitra Nagari (aka Film City) and Sanjay Gandhi National Park. In 1983, the Maharashtra Government, at the behest of the Government of India, offered the land in recognition of the Society's 100 years of service in nature conservation.

Since 1993, when the centre began its activities, it has worked towards creating awareness and concern about nature in students, educators, government employees, corporate bodies and general public. The diverse activities at CEC from walks to workshops to certificate courses draw thousands of visitors every year. The centre particularly strives to make conservation education accessible to the underprivileged students.
