

FIELD COURSE IN BOTANY, 2019

Conducted by BNHS Conservation Education Centre (CEC), Mumbai

BNHS CEC is happy to announce the admissions for Field Course in Botany for the year 2019-20. The course includes inaugural and wrap-up sessions, field visits around Mumbai and two field camps to any floral habitat across India.

Highlights of Field Course in Botany

- A course focused on field study in Botany, mainly on higher plants (Angiosperms).
- The duration of the course is 6 months (July 2019 to December 2019).
- Covers topics such as morphology of plants, distinguishing characteristics of families and key identifications of dominating families in higher plants, Herbarium visit.
- Two field camps, four field visits, two indoor sessions and project work.
- Certificate from BNHS after successful completion.
- Course leader: Dr. Rajdeo Singh, Botanist, BNHS

Who can enroll?

- Anyone with an interest in plants
- Basic qualification is Class 10 (any board)

What are the course deliverables?

The course has 4 field visits out of which 3 are compulsory. Participants are expected to attend the inaugural, wrap-up and one field camp. Project work is an integral part of the course and involves submitting a project report at the end of the course.

What is the course fee?

The course fee is **Rs. 8,000/-**, which includes BNHS expertise, study material and refreshments in the inaugural and wrap-up camps. The field camps will be charged separately.
